Enhanced DRB III Emulator supports ECU Flash for non-CAN Chrysler Group vehicles for 1998 and newer model years. ECU Flash on 1997 and prior model years requires a physical DRB III device. If a user attempts to download a 1997 model year or prior ECU flash file for use with Enhanced DRB III Emulator with TechTOOLS, TechTOOLS will give an error stating: *DRB III Emulator does not support*

model years prior to 1998.

ECU Flash on 1997 and prior model years requires a physical DRB III device. If you do not have a physical DRB III device, you can rent one from [Controller Technologies Corporation](#). Please see their website for additional details: <https://www.controllertech.com/products/dr3-iii-rental>
