Introduction

This article demonstrates the steps required to purchase wiTECH 2.0 VIN subscriptions. A wiTECH 2.0 VIN Subscription costs \$40 for a duration of one month and it allows to connect to that vehicle VIN in addition to the time-based subscriptions such as 3-Day, Monthly and Yearly subscriptions that are already offered.

Please note that you still need to purchase a TechAuthority subscription for accessing service information and other information. You also need a Flash Subscription for Vehicle ECU Flash.
