

Okta Assistance

751 Nate Skutt Mon, Jun 12, 2017 [wiTECH 2.0 Public Articles - Aftermarket](#) 16575

For Aftermarket User ONLY

Self-Serve Options

1. **Forgot Password:** This is used when the user needs help with forgot password problems. Help can be sought directly through SMS token or password-reset email requests.
 1. Reset via SMS
 2. Reset via Email
2. **Unlock Account:** When an account gets locked through numerous unsuccessful login/MFA attempts; this unlock feature can be used.
 1. Reset via SMS
 2. Reset via Email

Okta Sign in page, Self Serve pages

The image displays three screenshots of the Okta self-serve interface, arranged horizontally. Each screenshot shows a different page from the Okta user portal.

- Sign In:** The first screenshot shows the 'Sign In' page. It features the Okta logo at the top, a user icon, and a 'Sign In' heading. Below this are two input fields: 'Username' and a password field (represented by dots). There is a 'Remember me' checkbox and a 'Sign In' button. At the bottom, there are links for 'Need help signing in?', 'Forgot password?', 'Unlock account?', and 'Help'.
- Reset Password:** The second screenshot shows the 'Reset Password' page. It has the Okta logo and a 'Reset Password' heading. Below the heading is an input field for 'Email or Username'. A message states: 'SMS can only be used if a mobile phone number has been configured.' There are two blue buttons: 'Reset via SMS' and 'Reset via Email'. At the bottom is a 'Back to Sign In' link.
- Unlock account:** The third screenshot shows the 'Unlock account' page. It has the Okta logo and an 'Unlock account' heading. Below the heading is an input field for 'Email or username'. A message states: 'SMS can only be used if a mobile phone number has been configured.' There are two blue buttons: 'Send SMS' and 'Send Email'. At the bottom is a 'Back to Sign In' link.

Documentation for Sign in Help page: <https://fcawitech.oktapreview.com/help/login>

This can be used to seek help from Okta administrator directly from this form.

1. Reset Password request through email

1. Reset password when account activation token is expired (first time user)
2. Reset password link is expired
3. When reset password email lost.

2. Reset MFA request

1. When the device is lost or not functional

3. Unlock Account

4. **YubiKey Setup:** The attached file(Programming_YubiKeys_for_Okta.pdf) contains steps to download, install and configure yubi keys (refer pages 8 to 10). In the process, a configuration secrets csv file is generated (configuration_log.csv). This file needs to be sent to admin and the admin will configure this csv file on the user account.

Sign-In Help

[← Back to Sign-In Page](#)

Okta is an on-demand service that allows you to easily sign-in to all the applications your organization uses through a single login.

Once you sign in, your Okta home page displays all your applications in one location. Simply, click the application's corresponding icon and each application opens in a new browser window or tab and you are automatically logged-in.
