

Okta Assistance

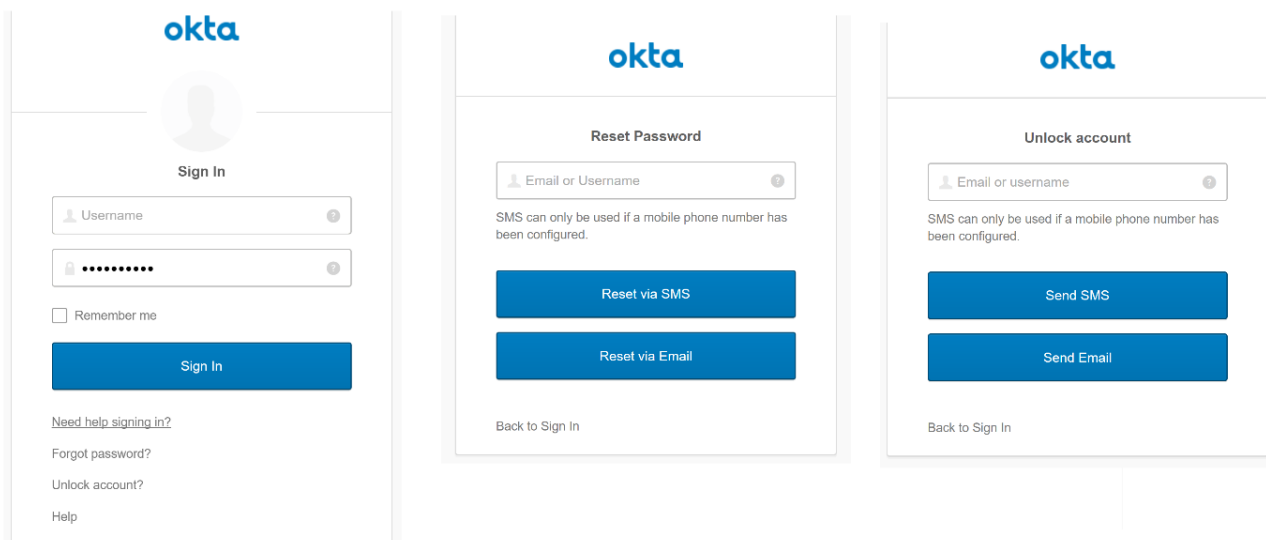

751 Nate Skutt Mon, Jun 12, 2017 [wiTECH 2.0 Public Articles - Aftermarket](#) 15727

For Aftermarket User ONLY

Self-Serve Options

1. **Forgot Password:** This is used when the user needs help with forgot password problems. Help can be sought directly through SMS token or password-reset email requests.
 1. Reset via SMS
 2. Reset via Email
2. **Unlock Account:** When an account gets locked through numerous unsuccessful login/MFA attempts; this unlock feature can be used.
 1. Reset via SMS
 2. Reset via Email

Okta Sign in page, Self Serve pages

Documentation for Sign in Help page: <https://fcawitech.oktapreview.com/help/login>

This can be used to seek help from Okta administrator directly from this form.

1. **Reset Password request through email**

1. Reset password when account activation token is expired (first time user)
2. Reset password link is expired
3. When reset password email lost.

2. **Reset MFA request**

1. When the device is lost or not functional

3. **Unlock Account**

4. **YubiKey Setup:** The attached file(Programming_YubiKeys_for_Okta.pdf) contains steps to download, install and configure yubi keys (refer pages 8 to 10). In the process, a configuration secrets csv file is generated (configuration_log.csv). This file needs to be sent to admin and the admin will configure this csv file on the user account.

Sign-In Help

[← Back to Sign-In Page](#)

Okta is an on-demand service that allows you to easily sign-in to all the applications your organization uses through a single login.

Once you sign in, your Okta home page displays all your applications in one location. Simply, click the application's corresponding icon and each application opens in a new browser window or tab and you are automatically logged-in.
