Note: DO NOT assign more than 26 users to the same VCI as wiTECH 2.0 System cannot handle more than that limit.

In order to remove users from a device, click the “-” button next to their name in the "Currently Assigned Users" column.

Note: Allow 30 minutes for the user associations to sync before the new user attempts to use the device in wiTECH.

Please contact wiTECH Premium Support at 1-888-948-3241 or via email at support@witechtools.com if you need further assistance on associating tools to the users.
